Technical specifications

Name:	• Transport cart TTB12110 for the Bartscher thermo transport container 12 x 1/1 GN, code-No. 300104
Code-No.:	• 300105
Material:	• plastic
Ausführung:	• Castors: Ø 95 mm, 2 fixed castors, 2 swivel castors with brakes
Dimensions:	• Frame inner: W 490 x D 665 x H 25 mm transport cart: W 550 x D 725 x H 190 mm
Carrying capacity:	• 200 kg
Weight:	• 6,4 kg

How to use

- Unpack the transport cart and remove all packing material.
- Secure the transport cart using the castors before loading the thermo transport container; if necessary, secure the thermo transport container from tilting.
- A load capacity of 200 kg makes it possible to transport larger numbers of thermo transport containers.
- Check that the thermo transport containers are properly stacked, release the castors and move the cart. To make pushing the cart easier, use the profiled handles on the thermo transport containers.
- Wash the transport cart with a soft, moist cloth and gentle cleaning agent.
Never use abrasive cleaners that could damage the surface.
